September 29th, 1995 was the first day we sold a Playstation console, but now after nearly 20 years, the machine has taken it's place in history.

There are still plenty of games around however, and certain ones have become sought-after classics. Many are getting rare and the price is going up!

We should still be able to obtain most games to order, but they are likely to be a minimum of £6.00 each.
