MUSIC

This list contains the CDs we currently have in stock.

The CDs listed, especially the new ones, will usually be here because of ordering errors or returns, but we are also collecting more 2nd hand DVDs, which get traded in to us from time to time.

Please note: **there will usually only be 1 of each item available**, so 1st to order gets them. We will reserve if you can get someone to phone in, otherwise please add alternative choices to your order.

Due to the stock limitations, we will not be sending many of these lists out, so if you have one, and there is nothing of interest to you, please pass it on.

Because it's not feasible to clean all 2nd hand CDs, they may have small marks on the disc, but are all guaranteed to play.
